Irradiation of synovium in the treatment of rheumatoid arthritis, 357
Iron metabolism in porphyria cutanea tarda and in erythropoietic protoporphyria, 341

Leukemia, acute myeloid, hypokalemia, and raised lysozyme levels in, 677
Leukoencephalopathy, progressive multifocal, Richardson's disease, 481
Liver perfusion, extracorporeal, effects of, on electroencephalogram of patients in liver coma, 549
Long-term oxygen therapy in cor pulmonale, 563
Lung function, serial studies of, in paraquat poisoning, 683
Lymphomas, haematological and other parameters in assessing activity in Hodgkin's disease and other malignant, 111
Lysozyme, raised levels and hypokalemia in acute myeloid leukemia, 677

Malignant hyperpyrexic myopathy, 639
Malignancy, coeliac disease and, 665
Measurement of clinical response to anti-inflammatory drug therapy in rheumatoid arthritis, 387
Mental retardation, familial steatorrhoea with calcification in basal ganglia and, 771
Metabolic effects of drinking mineral water, 793
Mineral water, metabolic effects of drinking, 793
Morphological consequences and significance of cytomegalovirus infections in renal transplant patients, 585
Myocardial infarction, controlled investigation of hyperbaric oxygen on mortality in, 751
Myopathy, malignant hyperpyrexic, 639

Nephronophthisis, congenital hepatic fibrosis and, 221
Numerical taxonomy and discriminant analysis applied to non-specific colitis, 715

Occult rickets and osteomalacia amongst Asian immigrant population, 125
Osteomalacia, occult rickets and, amongst Asian immigrant population, 125
Oxygen, hyperbaric, controlled investigation on mortality in acute myocardial infarction, 751
Oxygen therapy, long-term, in cor pulmonale, 563

Paget's disease of bone, 235
Pancreatic function, comparative study of four tests of, in diagnosis of pancreatic disease, 597
Paraquat poisoning, serial studies of lung function, 683
Pathophysiology of congenital chloridorrhoea, 453
Phenylketonuria, relationship between granulocyte phenylalanine and disability in, 805
Pneumocystis carinii pneumonia—transplant lung, 59
Porphyria cutanea tarda and erythropoietic protoporphyria, iron metabolism in, 341
